BAD SISTER - BIOGRAPHY

AOR/Hard Rock Band BAD SISTER was founded in Hamburg in 1980. In the 80s and 90s they played countless shows - for example at famous "Onkel Pö" in Hamburg. In 1989 BAD SISTER released their first CD "Heartbreaker", a classic of the AOR genre.

The band supported Deep Purple vocalist Ian Gillan and Detroit-based rock shouter Mitch Ryder. The second album "Out Of The Business" was released in 1991.

This was followed by many shows and open-air festivals including several appearances at the Wacken Open Air. On November 25th 2022 they released the new album "Where Will You Go" - 13 great AOR and Melodic Hard Rock songs produced by Kai-Ove Kessler at Hammaburg Studios, Hamburg and mixed by Timo Höcke at Wellenschmiede, Hamburg.
